

# Counter-Terrorism Protective Security and Preparedness (CTPSaP)

The only Counter-Terrorism Protective Security and Preparedness qualification developed in collaboration with, and endorsed by, NaCTSO, aligned to the Terrorism (Protection of Premises) Act 2025 (Martyn's Law)

**Tutor-led course comprising five days of face-to-face training, where the learner will be required to complete a workbook followed by a professional discussion. We offer classroom-based learning at our Doncaster and Bracknell sites, in addition to in-house delivery options [depending on number of delegates].**

Total Qualification Time  **90 Hours**

Guided Learning Hours  **41 Hours**

Group Size **10 Delegates**

Redline Assured Security is an SFJ Awards Approved Centre, delivering CTPSaP to organisations across the standard and enhanced tiers of the Act. CTPSaP is regulated by Ofqual (qualification number 610/7028/2) and approved by Qualifications Wales (C00/5349/6).

Available to learners throughout the United Kingdom.

## Who This Qualification Is For

CTPSaP is designed for the people in venues, sites, and organisations who hold operational or strategic responsibility for counter-terrorism preparedness. It is relevant for staff at any premises in the standard or enhanced tier under the Act, including:

-  **Security officers and team leaders**
-  **Venue and facilities supervisors**
-  **Event safety stewards and supervisors**
-  **Protective security advisers**
-  **Operations managers and general managers of qualifying venues**
-  **Compliance, legal, and risk leads with responsibility for venue safety obligations**
-  **Health and safety managers extending their remit to include security preparedness**
-  **Senior staff at standard and enhanced tier premises seeking a formally recognised credential to evidence their duty of care**

Sectors

Multi-Sector Security

Visitor Attractions

Events

Hospitality

Retail

Education

Transport

## Qualification Built Around Six Mandatory Units

### INTRODUCTION TO COUNTER-TERRORISM

Foundational understanding of UK threat levels, common attack types, and key counter-terrorism legislation.

### POSITIVE ORGANISATIONAL SECURITY CULTURE

The components, benefits, and barriers to building and sustaining a strong security culture inside an organisation.

### COUNTER-TERRORISM PROTECTIVE SECURITY

Practical protective security measures relevant to venues, sites, and organisations.

### COUNTER-TERRORISM PREPAREDNESS

The principles and behaviours that make a venue ready, not just protected on paper.

### COMPLETING A COUNTER-TERRORISM RISK ASSESSMENT AND PREPAREDNESS PLAN

The applied unit where learners build the risk assessment and preparedness plan their organisation will use.

### COMPLETING A COUNTER-TERRORISM WRITTEN RECOMMENDATION

The output unit where learners produce a structured, defensible written recommendation for their own venue or organisation.

Completion of this qualification supports preparedness ahead of the Act's full implementation. It does not on its own ensure compliance with the Terrorism (Protection of Premises) Act 2025.

## Enrolment is Open

See how CTPSaP can benefit you and equip the people accountable for your venue's preparedness. Delivered at Redline's Doncaster and Bracknell academies or in-house at a location of your choice.
